

Crown Point Takes Steps to Implement Arbitration Award

CALGARY, Alberta, January 18, 2019 -- Crown Point Energy Inc. (TSX-V: CWV) ("**Crown Point**") announces that it has taken steps to implement the decision of the arbitration tribunal (the "**Tribunal**") formed to consider the claims made by Roch S.A. ("**Roch**") in respect of Crown Point's acquisition of St. Patrick Oil & Gas S.A. (formerly Apco Austral S.A.) (the "**Company**").

In June 2018, Crown Point acquired all of the issued and outstanding shares of the Company (the "**Acquisition**") from a third party (the "**Vendor**") for US\$28.4 million of cash consideration (the "**Base Price**") plus applicable taxes plus up to US\$9 million of contingent royalty payments. The Company holds a 25.7796% participating interest (the "**Participating Interest**") in the Rio Cullen, Las Violetas and La Angostura hydrocarbon exploitation concessions located in the Tierra del Fuego region of the Austral basin in southern Argentina (the "**TDF Concessions**"). US\$27 million of the Base Price corresponded to the Company's Participating Interest in the TDF Concessions and the remaining amount corresponded to certain working capital items.

Pursuant to the joint venture agreement governing the TDF Concessions (the "**UTE Agreement**"), the Company's partners in the TDF Concessions (each an "**UTE Partner**") had a right of first refusal ("**ROFR**") to acquire the Company's Participating Interest in the TDF Concessions. Roch, one of the UTE Partners, disputed the validity of the ROFR notices issued by the Company to the UTE Partners and, among other things, commenced arbitration proceedings against the Company and the Vendor under the UTE Agreement in order to have the Tribunal consider and rule on the dispute. In its written decision rendered in December 2018 (the "**Award**"), the Tribunal ordered the Company and the Vendor to comply with the provisions of the UTE Agreement that grant the ROFR to Roch and the other UTE Partners.

In compliance with Section 12.1(G) of the UTE Agreement and the Award, and in order to allow the exercise of the rights set forth in Section 12.1(G) of the UTE Agreement for the potential acquisition of the Company's Participating Interest in the TDF Concessions, the Company has now provided notice (the "**Notice**") to its UTE Partners of the indirect transfer of the Company's Participating Interest that resulted from the Acquisition. Pursuant to the UTE Agreement, the UTE Partners have 30 days following receipt of the Notice to exercise their ROFRs.

Crown Point will provide further updates regarding any material developments relating to the ROFR process as they arise.
