### **Crown Point to Proceed with Return of Capital**

Crown Point Energy Inc. ("**Crown Point**" or the "**Company**") is pleased to announce that its board of directors has determined to proceed with the previously announced special distribution to the holders (the "**Shareholders**") of the Company's common shares (the "**Shares**").

Crown Point will reduce the stated capital of its Shares by US\$0.185 per Share to permit the Company to pay a special distribution to Shareholders in the amount of US\$0.185 per Share, for a total special distribution of approximately US\$13.5 million (collectively, the "**Return of Capital**"). The Company currently anticipates that the Return of Capital will be paid in December 2019, however the record date, ex-distribution date and payment date for the Return of Capital will be announced by the Company in due course.

In light of the Return of Capital, the Board has determined not to declare a fourth quarter dividend on its Shares and to suspend the Company's quarterly dividend payment until further notice.

The distribution will be funded from the Company's existing cash reserves, the majority of which was derived from the sale by the Company in April 2019 of a 16.8251% participating interest in the Rio Cullen, Las Violetas and La Angostura hydrocarbon exploitation concessions located in the Tierra del Fuego region of the Austral basin in southern Argentina.

As at September 30, 2019, the Company had working capital of approximately US\$16 million. Following the Return of Capital, the remaining working capital of the Company and ongoing cash flows from operations are expected to be sufficient to fund the needs of the Company's continuing business operations for the foreseeable future.

Shareholder approval for the Return of Capital was obtained by the Company at the special meeting of Shareholders held on October 30, 2019. The Return of Capital remains subject to any approvals required by the TSX Venture Exchange.

For further information regarding the Return of Capital, including a summary of certain Canadian federal income tax considerations, see the Company's press release dated September 17, 2019 and the Company's management information circular dated September 30, 2019.
